TC-600

Tack Clamp, Pipe Clamping Tool

The TackClamp is a clamping tool with an innovative clamping link system for easy and quick fit-up of pipes.

- No need for several sizes. The TC-600 covers pipes from Ø 60 - 600 mm (larger diameters with additional links).
- Light weight, easy to carry and simple to fit to the pipe.
- Only stainless steel parts get in contact with the pipe.
- For pipe to pipe, pipe to fitting, pipe to tee and more...
- The TC-600 comes in our special solic case with 30 clamping links that can be chained together to suitable length.
- Additional clamping links for larger diameters (31-TC610) available.
- Additional links for adjusting ovalities / different pipe diameters (31-TC611) available.

DATA //

Weight incl. case (kg):	5
Dimesions incl. case (mm):	390 x 315 x 100
Number of needed links:	external diameter x π / 65
Included links:	30 pcs (TC-610)
Customs tariff number:	85159000
